Enable project-based security

Inheritance Strategy

Inherit permissions from parent ACL

This item will inherit its parent item's permissions (in addition to any permissions granted here). If this item is at the top level in Jenkins, it will inherit the [global security security settings](#).

Discard old builds

Strategy

Log Rotation

Days to keep builds

if not empty, build records are only kept up to this number of days

1000

Max # of builds to keep

if not empty, only up to this number of build records are kept

1000

Advanced

- ☐ Do not allow concurrent builds
- ☐ Do not allow the pipeline to resume if the controller restarts
- ☐ GitHub project
- ☐ Pipeline speed/durability override
- ☐ Preserve stashes from completed builds
